

Jesus' Final Parable Reveals the Divine Blueprint for...

# Abundant Prosperity

Unlock Your Ability to **Give, Gain, and Grow**  
Your Wealth (3-Fold) for God's Kingdom.

[Transcript of the Presentation]

This is the Holy Bible ... [hold up the Bible]

The infallible, living word of God.

It teaches us about creation, the fall of man, and our redemption through Christ Jesus.

But there is a topic the Bible talks about more than any other... more than love, faith or prayer ... more than grace, mercy or forgiveness ... more than heaven, family or marriage.

And that's the topic of money.

Money is mentioned in 2,350 verses.

And now ... about 17 hundred years after the Bible was finalized ... modern research concludes those who follow the *Biblical Blueprint* for managing their money are three times wealthier than the average American.<sup>i</sup>

Yes, three times wealthier.

If you'd like to be here [right], rather than here [left], and have the chance to increase your wealth threefold, then lean in ...

Because today, we're going to look closely at what the Bible *actually* says about money, and how ... *if we have the right relationship with money* ... God will reward us with a richer life, one filled with ABUNDANT PROSPERITY.

Yes, God wants you to be wealthy.

And for some of you, that may sound like heresy.

But don't take my word for it.

Take God's word.

Scripture literally says, "The Lord will grant you Abundant Prosperity." [Deuteronomy 28:9-11]

That He has "Plans to prosper you." [Jeremiah 29:11]

And we are told "The blessings of the Lord bring prosperity" again, and again, and again [Proverbs 10:22, 2 Corinthians 9:8, Psalm 65:11]

And that's precisely what God did for many prominent Biblical characters.

Abraham became "very wealthy."

Isaac "reaped a hundred-fold" and "became very rich."

Jacob grew "exceedingly prosperous."

David was "rich."

All of these influential Biblical characters, from the Old and New Testament, were blessed with great wealth.

- |             |                      |                       |
|-------------|----------------------|-----------------------|
| ✓ Abraham   | ✓ Isaac              | ✓ Jacob               |
| ✓ Joseph    | ✓ David              | ✓ Solomon             |
| ✓ Daniel    | ✓ Nehemiah           | ✓ Esther              |
| ✓ Boaz      | ✓ The Magi           | ✓ Joseph of Arimathea |
| ✓ Tabitha   | ✓ The Good Samaritan | ✓ Barnabas            |
| ✓ Job       | ✓ Cornelius          | ✓ Sergius             |
| ✓ Lydia     | ✓ Jason              | ✓ Aquila              |
| ✓ Mnason    | ✓ Philemon           | ✓ Hezekiah            |
| ✓ Zacchaeus | ✓ Joanna             | ✓ Theophilus          |

Solomon writes, "When God gives someone wealth and possessions, and the ability to enjoy them ... this is a gift from God."  
[Ecclesiastes 5:19]

And Jesus adds, "If you sinful people know how to give good gifts to your children, how much more will your heavenly Father give good gifts to those who ask Him." [Matthew 7:9-11]

God loves to give you gifts the same way you love to give your children gifts!

Just think, when Satan tested Job, did he do it by smiting Job with MORE money? With millions of dollars? Of course not! The devil tested Job by taking his money away. Then, after Job's trials, God gifted him with "Twice as much wealth." [Job 42:10]

With Abundant Prosperity.

And when God led the Israelites out of Egypt, did He bring them to the barren land? A land flowing with poverty and starvation? Of course not! He brought them to the "Promised Land," a land flowing with milk and honey.

A land of Abundant Prosperity.

And when Solomon asked for wisdom, God didn't deny him. He gifted wisdom, along with what Solomon had not asked for -wealth and honor.

With Abundant Prosperity.

And I believe that God, who never changes, also wants to give you the gift of Abundant Prosperity ... to know what it's like to see your crop grow 100-fold, to see your family blessed for a thousand generations, and to use *your* resources to grow HIS kingdom.

After all, if you and all the other Christians who receive this message can increase in wealth threefold, imagine the direct impact we can have on building God's kingdom.

How many Bibles could be printed?

How many Churches could be built?

How many souls could be saved?

Millions upon millions. That is the opportunity we're talking about.

But here's the brutal reality, the typical Christian's wealth isn't here [bar on right], or here [right]. It's actually ... down here. [below average]

# Christians

Why?

The hard truth is, 7 out of 10 Christians don't follow the Biblical Blueprint for money.<sup>ii</sup>

And to make matters even worse, most have swallowed one of Satan's biggest lies: That Abundant Prosperity is a sin. That poverty is somehow more holy than prosperity.

After all, the Bible says, "Money is the root of all evil," right?

Wrong.

That is a distortion of scripture peddled by Satan himself

The Apostle Paul actually wrote, "The **LOVE** of money is the root **of all kinds of** evil." The Greek word he used [Philargyria] means an unquenchable greed for more. The kind of greed that drives people to do anything to get money ... steal, cheat, prostitute, gamble, betray, even kill.

Now, I hope, most of you aren't guilty of that kind of sin.

However, there is another kind of "love of money" that is just as sinful, and most of you watching are committing this *other* sin. I'm referring to a love of money so great that one fears letting it go. They don't dare give it or even invest it. They bury their treasure in the ground, or inside a bank account, calling it "prudent."

The truth? It's impossible to praise God with open hands when you're holding your money with clenched fists.

Which is why today ... in this presentation ... we're going to look closely at what the Bible *actually* says about your relationship with money.

- ✓ You'll see why, based on Jesus' final parable, God doesn't just desire prosperity *FOR* you, He commands it *FROM* you [Matthew 25].
- ✓ You'll see that if God can get money *through* you, he will get money *to* you (and there will be an abundance left *for* you!) [Malachi 3].
- ✓ And you'll even see that Jesus was actually wealthy. How wealthy? As much as \$10 million wealthy [Matthew 2]

I know some of this may sound controversial. Especially that last point. But it is the truth, truth that needs to be told and be told boldly.

Because if the "Love of money is the root of all kinds of evil," perhaps the "Unloving of money is the root of all kinds of good."

We're going to dive deep into the *Abundant Prosperity Blueprint*. It starts with giving. When we *give*, the doors open up for us to *gain* through purposeful work and *grow* our money through bold investments.

I can't wait for your eyes to be opened.

I'm going to make sure you leave here with very practical insight. Simple steps you can take to steward your wealth today.

I'm even going to tell you about my No. 1 investment: A Christian company founded 80 years ago ...

that now has over 2,200 stores across America, hauling in \$15 billion a year.

Which is why it pays its loyal investors of two decades very well. I'm talking about 100%, annually.

I personally own shares of this company and I think you should too ... which is why I'll tell you exactly how to buy shares, just like these, in a moment.

You'll see everything.

But first, you should know a bit more about me, and how I ... a former Bible teacher ... used the financial truths in scripture, the very ones you are about to see in this presentation, to **give** away over a million dollars (through tithes and offerings), to **make** millions of dollars (by leading several businesses), and to **grow** millions of dollars (through bold investments).

My name is ...

## Aaron James DeHoog

I studied Christian Theology at Calvin University as well as Jerusalem University, before becoming a Bible teacher at a high school in Lake Worth, Florida.

My life was on track until a visit to a bookstore changed everything.

A man I'd never met walked up and handed me a copy of *Retire Young, Retire Rich*. He said, "You should read this."<sup>iii</sup>

I was 24 years old. Retirement was the last thing on my mind. But the man just stood there. So, I opened the book, and within minutes, I was hooked. For the first time, I read something about money that actually made sense. I turned to thank him, but he was gone.

There are moments, I believe, where God directly intervenes. This was one of those moments for me. That book, that moment, changed the entire direction of my life.

The following week I enrolled to get my MBA at Palm Beach Atlantic University (Which I earned within two years while working full-time), the next month I bought a home (and rented out two of the rooms, covering all my costs), and I started dating my girlfriend a bit more serious (now my wife of 20+ years and the mother of our four children).

I soon landed a career at Newsmax Media and helped the budding company become the media giant they are today. I was then recruited to be the CEO of a financial research company where my team and I helped over 500,000 Americans achieve financial freedom.

How?

We simply showed our members what investments we were making *before* we made them ... and if people wanted to follow our lead, they could, for a reasonable fee. It was a win-win.

For example, Governor Mike Huckabee was one such member. He said our insight is, "already helping 100,000 Americans go from confusion, fear, and frustration with their investments, to clarity, peace, and success."<sup>iv</sup>

Governor Sarah Palin is another example. She raved about our insight, saying, "I love it, it's exactly what I needed," and went on to comment, "I made bigger gains in two weeks than I made in the last two years."<sup>v</sup>

I even worked, met, or teamed up with experts like Steve Forbes, President Donald Trump, and one of my heroes, Dave Ramsey. Here's a picture we took when he came to speak at one of my financial conferences.<sup>vi</sup>

Word got around about our unique, yet successful, insight, and members of all these firms<sup>vii</sup> have paid my team and me handsomely for our financial recommendations.

- |                 |                     |                  |
|-----------------|---------------------|------------------|
| ✓ JP Morgan     | ✓ Edward Jones      | ✓ Chase          |
| ✓ Merrill Lynch | ✓ Lincoln Financial | ✓ Morgan Stanley |
| ✓ Raymond James | ✓ UBS               | ✓ Wells Fargo    |

As well as members of these powerful tech companies ...

- |             |          |          |
|-------------|----------|----------|
| ✓ Amazon    | ✓ Apple  | ✓ Google |
| ✓ Nvidia    | ✓ Adobe  | ✓ AMD    |
| ✓ Cisco     | ✓ IBM    | ✓ Intel  |
| ✓ Microsoft | ✓ Oracle | ✓ Tesla  |

However, our primary goal was to help hundreds of thousands of Main Street Americans, and I am proud to say that we achieved this very well.

People like Robert, in Texas, wrote me and my team, "I follow your investment recommendations like gospel."<sup>viii</sup>

Samantha in North Carolina wrote, "I really thank the Lord the day I started following your almost unbelievable advice and your uncanny ability to find the stocks that you find!"<sup>ix</sup>

And Tom, in California, wrote my team this note, "My small \$45,000 retirement has turned into \$460,000 in 3 years. God led me to you, and I am so thankful."<sup>x</sup>

Robert, Samantha, and Tom are exceptional examples of people who once sat in your exact seat. They heard a presentation from me, or perhaps one of my team members, and decided to use our investment insight. And I'll give you that exact opportunity in a moment.

Personally, I've been able to make some *incredible* investments that have yielded some *incredible* profits ... such as these outstanding examples you see on your screen.

Overall, my investments have made millions of dollars.<sup>xi</sup>

| Security        | Entry Cost     | Exit Value     | Profit                |
|-----------------|----------------|----------------|-----------------------|
| Tesla           | \$59,851.20    | \$138,899.97   | \$79,048.77           |
| Bank of America | \$219,542.38   | \$253,814.94   | \$34,272.56           |
| Amazon          | \$296,837.68   | \$328,699.39   | \$31,861.71           |
| Square          | \$73,735.97    | \$305,665.31   | \$231,929.34          |
| 3D Systems      | \$33,807.50    | \$222,444.82   | \$188,637.32          |
| Amazon          | \$1,231,647.46 | \$1,374,190.30 | \$142,542.84          |
| Palantir        | \$47,754.90    | \$151,056.00   | \$103,301.10          |
| Palantir        | \$142,282.96   | \$390,153.12   | \$247,870.16          |
|                 |                |                | <b>\$1,059,463.80</b> |

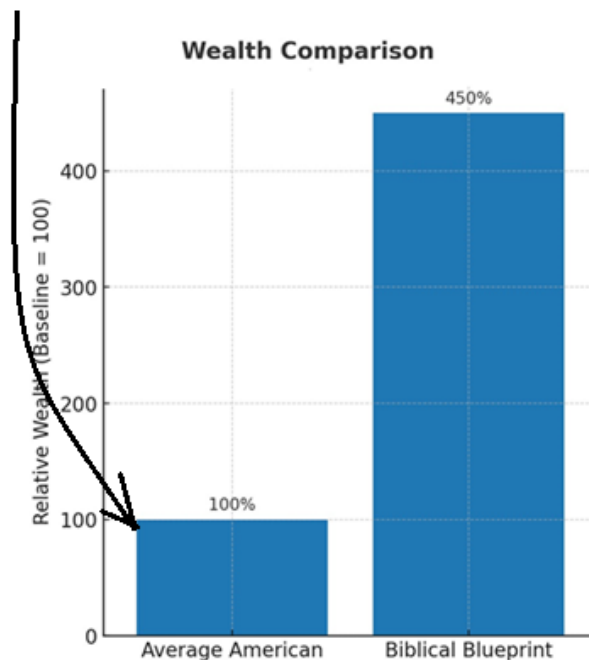

I share all of this not to impress you but rather to impress upon you the blessings God will pour out when you listen, and I mean really listen, to what the Bible has to say about money.

And as great as it is to see these profits flowing into my bank account, it's even more exciting to see the money flowing out of my bank account as an extension of God's hands ... to feed the hungry, heal the sick, and spread the gospel.

And that's what I want for you. To feel the joy of writing a \$10,000 check ... then a \$100,000 check ... and watching God multiply it beyond anything you could imagine. Because when you align your finances with His Word, money becomes more than wealth—it becomes a weapon for the Kingdom.

Which leads me to another divine intervention. One that happened just two years ago. It changed the course of my life, and it might change yours, too. It happened when I stumbled upon this chart...

## Christians

And it wrecked me.

This chart reveals a spiritual tragedy. The typical Christian's net worth is way down here, while those who follow the Biblical Blueprint for managing their money have a net worth way up here.

The gap is shocking.

I felt called to do something about it. So, as the CEO of my company ... a company making millions of dollars in profits selling financial insight ... I approached my board and proposed creating a product to help Christians increase their wealth.

They said, "It's an interesting idea, Aaron. But we're talking about a small niche, and we aren't sure if we want to get into religion. We don't know if it is a viable business *for us*."

I pushed. I tried to persuade them for a while, but the reality was, they were right. It wasn't a viable business *for them*.

But as the meeting went on, I asked myself a question ... *what if God is calling me to retire young, retire rich? Not to sit on my*

*laurels, but rather ... to pursue a higher calling? To start my own business?*

A few days later (after talking with my wife), I handed in my resignation, helped the board find a new leader, and retired ... for about two hours ... before I started putting the foundation of this presentation together.

Seriously.

I was eager to create a solution specifically for the Christian community. Something that would fuse my faith with everything I knew about money. A solution that would allow you, and every other Christian, to know what it feels like to live in Abundant Prosperity.

I began to imagine the impact as thousands of Christians increased their net worth threefold.

I imagined their giving increasing from \$5,000 a year, to \$50,000, to \$500,000.

We're talking about billions of dollars flooding into God's Kingdom!

How many Churches could be built?

How many Bibles could be printed?

How many people would put their faith in Christ?

That's what Abundant Prosperity can unleash.

The deeper I dug into Scripture, the clearer it became: God was calling me to help you—and thousands of other Christians—step into this life of Abundant Prosperity.

A life filled with joy, because you're no longer just reading God's story ... you're part of it. You're funding the next orphanage. You're building homes for the homeless. You're ministering to the lost. You're backing businesses that employ thousands of families—families who can now put food on the table and a roof over their heads.

This is what prosperity with purpose looks like. And this is what God is inviting you into.

I've been praying for you. I've been praying that this presentation will help you unlock your ability to **give, gain,** and **grow** your wealth for God's Kingdom.

The same way Boaz used his Abundant Prosperity to save Ruth and Naomi.

The same way Theophilus used his Abundant Prosperity to fund Luke's project to write his gospel, as well as the book of Acts.

And the same way the Magi used their Abundant Prosperity to fund Jesus' life and ministry with \$10 million in gifts.

## **\$10 Million in Gifts.**

Yes, \$10 million.

Again, that might sound like heresy. But Matthew chapter 2 makes this clear.

We're told that Magi from the East came bearing gifts for Jesus when he was a child. But this wasn't three men with three small gifts, like the typical manger scene.

The magi were an elite company of wealthy, influential wise men, originally established by Daniel. Yes, the same Daniel who survived the lion's den and prophesied about the birth of the Messiah centuries earlier.

These men had been waiting for this moment for generations. It was a huge deal. So when they saw the star, they didn't come quietly. They loaded up their camels and traveled 900 miles west. When they arrived, the caravan was so big it "disturbed" King Herod and all of Jerusalem.

When they found Jesus, "they opened their treasures" of gold, frankincense, and myrrh, of which gold was the *least* valuable.

Biblical historians estimate the gifts, which were "fit for a king," to be worth as much as 10 million in today's dollars.

Listen to this interview with a biblical scholar ...<sup>xii</sup>

"A low level, in those days, if a low-level King was visited by a magi or by a head of state, it was customary to bring 110 kilos of gold. That's for a low-level king.

"The catalog would have been enormous. And frankincense and myrrh, believe it or not, were more valuable than gold."  
End 22:31

"The value of all of these gifts would have been off the charts. I have a number, but I'm not going to give it to you because it's just too shocking. Just let me tell you, it was big, big, big, big money.

One could speculate how much money it was, but that's not the point. The point, Mary and Joseph were able to use the gifts to flee to Egypt to escape King Herod's massacre.

So, if God can use the gifts of the magi, can he use your gifts as well?

Is it possible that you're being called to pursue greater wealth? To step into Abundant Prosperity so you can become part of the same story as the great men and women of Scripture who used their resources to build God's Kingdom?

- |             |                      |                       |
|-------------|----------------------|-----------------------|
| ✓ Abraham   | ✓ Isaac              | ✓ Jacob               |
| ✓ Joseph    | ✓ David              | ✓ Solomon             |
| ✓ Daniel    | ✓ Nehemiah           | ✓ Esther              |
| ✓ Boaz      | ✓ The Magi           | ✓ Joseph of Arimathea |
| ✓ Tabitha   | ✓ The Good Samaritan | ✓ Barnabas            |
| ✓ Job       | ✓ Cornelius          | ✓ Sergius             |
| ✓ Lydia     | ✓ Jason              | ✓ Aquila              |
| ✓ Mnason    | ✓ Philemon           | ✓ Hezekiah            |
| ✓ Zacchaeus | ✓ Joanna             | ✓ Theophilus          |

So that you can be like Joseph, who used his prosperity to help his father and brothers escape the famine.

So that you can be like Solomon, who built a magnificent temple for God.

So that you can be like the Good Samaritan, who used his money to save a man's life. As Margaret Thatcher quipped, "No one would remember the Good Samaritan if he'd only had good intentions; he had money as well."<sup>xiii</sup>

Each person put their resources to work for God's glory.

Now it's your turn.

Money, your money, can be used to do great things.

Which is why I believe ...

**God Doesn't Just Want Abundant  
Prosperity FOR You, He Commands It  
FROM You.**

But don't take my word for it.

Take Jesus' word.

In Matthew 25, just days before His crucifixion, Jesus told His final parable—the Parable of the Talents.

A wealthy master prepared to leave on a journey. Before he left, he entrusted his servants with his fortune. To one, he gave five bags of gold. To another, two. And to the other, one ... "each according to their ability."

Now, understand this: a single bag of gold weighed a talent—worth about **\$3.8 million in today's money**.

The first two servants put the money to work. They doubled it—a 100% return. But the third servant? He dug a hole and buried his master's gold in the ground.

When the master returned, he praised the first two: "*Well done, good and faithful servant! You have been faithful with a few*

*things; I will put you in charge of many things. Come and share your master's happiness!"*

But to the servant who buried his bag, the master's words were chilling: *"You wicked, lazy servant. Take the bag of gold from him and give it to the one who has ten. For whoever has will be given more, and they will have an abundance."*

In this story, God is the master.

And we, you and I, are the servants.

And I'm sure you'd like to be the first servant ... the one who started with five bags of gold. He DOUBLED his master's money ... he made a 100% gain ... and was therefore, "put in charge of many things."

He "celebrated in his master's happiness."

He was even given an additional bag of gold, bringing his total to over \$40 million.

But let's stop and ask ... why did the first servant get five bags of gold instead of 2 bags, or just 1?

It's right there in scripture.

The master gave each "according to their ability."

*To one, he gave five bags of gold. To another, two bags, and to another one bag, **each according to their ability.***

My friend ... what if God wants to bless you with more, but He won't until you can increase your **ability** to manage money His way?

Do you want more opportunity to be in charge of many things?

More opportunity to celebrate?

More wealth so you can, yes, reach financial freedom, but also be a blessing to your family and community ... not just for your generation, but for a thousand generations.

If so, then God commands us ... point blankly... to increase our **ability** ... our **ability to give, gain, and grow our wealth.**

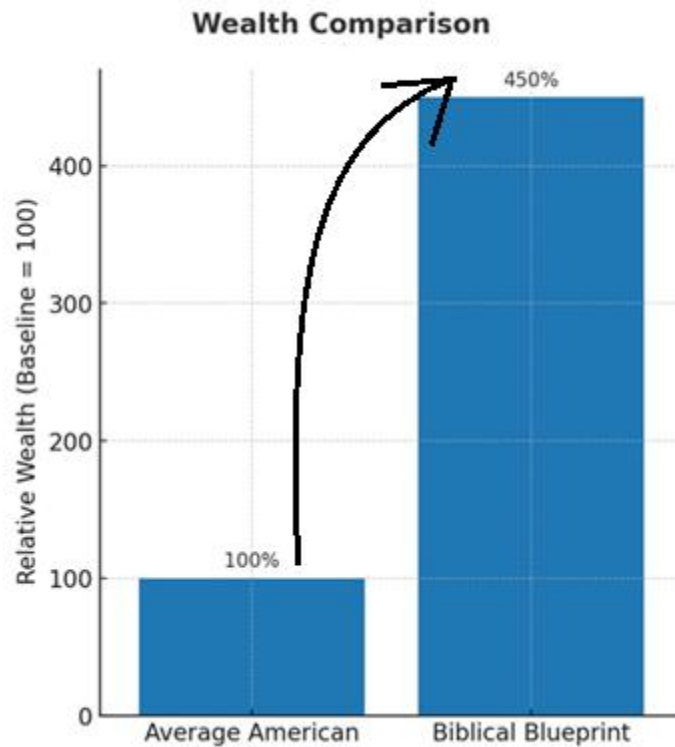

This is the *Abundant Prosperity Blueprint* that you'll get access to today.

I believe that there is a reason you stumbled upon this presentation. It was not by chance any more than it was "by chance" that I was handed the book, *Retire Young, Retire Rich*, 25 years ago.

You likely didn't know you'd be watching this video today. But God did.

He knew it was time for you to see money, and your relationship with money, in a whole new way. In a Biblical way. So that you can move from here ... to up here ... and increase your wealth threefold.

Not for your glory, or to build your kingdom, but for His glory, and to build His kingdom.

And I can't wait to get started. I'm going to make sure you leave here with very practical insight. Simple steps you can take to increase your wealth.

Again, you'll even get my No. 1 investment ... an 80-year-old company founded on Christian principles ...

It now has over 2,200 stores across America and generates \$15 billion annually.

Which is why it pays its loyal investors of 20+ years ... 100% annually ... like clockwork.

I personally own shares of this company [show certificate], and I think you should too, which is why I'll give you all the details in a moment.

So, let's get started.

The first ability to increase is your ...

# GIVEability.

The Bible makes it unmistakably clear: If God can get money through you, He will get money to you, and there will be an abundance left for you.

He spells this out in Malachi 3:10. "Bring the whole tithe" ... that's 10% of your income ... "Test me in this, says the Lord Almighty, and see if I will not throw open the floodgates of heaven and pour out so much blessing that there will not be room enough to store it."

This is the only place in scripture where God invites us to test Him.

God is practically begging for you to give so that He can "Throw open the floodgates of Heaven."

But ... why?

After all, God doesn't need your money. He is God. He created the entire universe in a few days. He can do anything He would like.

So, God doesn't need your money.

However ...

God does desire your heart.

And money, more than anything else, competes for our hearts. It promises power, security, and pleasure. It tempts us to trust in wealth over God.

That is why we must give, first.

Jesus says, "Give, and it will be given to you."

Solomon says, "Honor the LORD with your wealth, with the first fruits of all your crops; *then* your barns will be filled to overflowing." [Proverbs 3:9]

Jesus echoes this when he states, "You cannot serve both God and money ... seek first the Kingdom of God, and ALL THESE THINGS [money and needs] will be added to you." [Matthew 6].

When we give first, God gives.

But when we can't give, God can't give. Recall the incident of the Rich Young Ruler [Mark 10] ... he was perfect in every way, but ... he couldn't let go of his money.

His LOVE for money was too strong.

Like any father, God wants to see his children enjoy Abundant Prosperity, but not at the cost of sacrificing faith or integrity.

Again, it's really hard to praise God like this [open hands]

When you are holding your money like this [closed hands]

You want to hear something fascinating? A Harvard professor did a study on giving and its impact on ... *the givers*.

Here's what he found. For every \$1 given, the giver receives back \$3.75. So, they basically make ... 3x as much. And, they also get happiness and physical health.<sup>xiv</sup>

I love it when modern-day science confirms what God revealed to us thousands of years ago.

Randy Alcorn, author of *The Treasure Principle*, says, "The more you give, the more comes back to you because God is the greatest giver in the universe, and **He won't let you outgive Him**. Go ahead and try. See what happens."<sup>xv</sup>

Rick Warren, the author of *Purpose Drive Life*, is living proof. He gives away 91% of his wealth. Yes, 91%. He told a group of pastors: "God says, you give to me, and I'll give to you, and we'll see who wins. I dare you to trust God with your money! You trust God with your salvation, but you don't trust him with your money? Who are you kidding?"<sup>xvi</sup>

All that money inside your 401(K), IRA, and Bank Account ... it all belongs to God. You are just stewarding it for this short time on earth.

My friend, if you can unLOVE money ... if you can increase your GIVEability ... you'll be amazed when God "throws open the floodgates," and "pours out so much blessing that there will not be room enough to store it."

You'll "share in your master's happiness" and be put "in charge of many things."

And the rewards will be eternal.

Alcorn says, "God keeps an account open for us in heaven, and every gift given for His glory is a deposit in that account. Not only God, not only others, but **we are the eternal beneficiaries of our giving.**"

There is so much more to cover on the topic of increasing your GIVEability. Too much to cover in this presentation. Which is why I put all my findings inside my new book ... *Called to Prosperity*. And in the spirit of giving, I'll show you how to get a free copy in a moment.

And you know what the best part of giving is?

You're going to see how your GIVEability changes the world, and that's truly amazing.

I'm going to get really personal. I debated whether I should bring this up. But I think you need to hear it.

A few years back, I made a large donation to my church ... a big six-figure gift.

Soon after, my pastor asked the board if we could invest in a new tech system for our church so that we could live-stream our services online.

The cost: Almost the exact amount I gave.

At first, it didn't make sense. The price was steep. The return, uncertain. But our pastor was deeply convicted—he believed God was calling us to take this step of faith. So, in the fall of 2019, we did it.

A few months later, COVID hit. Our church was able to broadcast our services live, so those who couldn't attend in person were able to attend online.

Not just in our county, or our state, but ... across the globe.

We were one of the few churches that grew during Covid and saw our collections INCREASE.

Today, we reach over 5,000 people every week, online, as "the Gospel of the Kingdom is preached through the whole world, for a witness to all nations."<sup>xvii</sup>

My brothers and sisters, we don't always know what God does with our "first fruits," but I have a hunch that our gifts to the church go much further than we can imagine.

After all, if Jesus can feed 5,000 people with two fish and a few loaves of bread given by a young boy, imagine what He can do with your gifts. And, by the way, do you recall how much was left for the boy? 12 baskets.

If God can get money *through* you, he will get money *to* you (and there will be an abundance left *for* you!)

Again, God says, "Test me in this and see if I will not THROW OPEN the floodgates of heaven and pour out so much blessing that there will not be room enough to store it."

Increase your GIVEability, then you'll be ready increase your GAINability and GROWability ...

Because when you give, God gives ... the doors open up for you to gain more and more. And the more money you gain, the more you'll be able to grow your money through bold investments.

And the more you'll be able to grow, the more you'll increase your giving.

You'll see your prosperity increase year after year after year.

But miss the first step, and the cycle collapses. Without GIVEability, your GAINability dries up, your GROWability shrinks, and your prosperity disappears.

Remember the third servant in Jesus' parable? His money was taken away.

That's the **Poverty Cycle**.

And I need to be blunt: if you're not willing to get this giving part right, you should leave.

I'm serious.

Because if you refuse to unlove money, the rest of what I'll share could bring you more harm than good.

But ... if you're ready to unlove money ... if you're willing to commit your first fruits to God—even when it feels small, even when it feels hard — then lean in.

Because when you increase your **GIVEability**, God will increase your ...

## **GAINability.**

GAINability is embracing work as a *gift* from God ... a gift that brings both purpose and income.

Strangely, a lot of Christians think *work* was a punishment for sin. It wasn't. Even before Eve was created, God put man "in the Garden of Eden to **work** it and take care of it." [Genesis 2:15]

So, in the perfect world, there was work. Work... the chance to build, create, and care for ... is in the very fabric of our creation. It isn't a curse, it's a calling. It gives us meaning, dignity, and joy.

The Bible says, "Remember the LORD your God, for it is He who is giving you the power to **make** wealth." [Deuteronomy 8:18] Notice the word *make*. Wealth isn't something you "get." It is something you co-create through work.

Rick Warren puts it plainly: "You weren't created to just consume resources. To eat, breathe, and take up space. God

designed you to make a difference with your life. It's not what you can get ... you were created to *add* to life on earth." <sup>xviii</sup>

Work is in our DNA. It gives us fulfillment. With no work, we lose purpose and desire to live.

A study by the Social Security Administration actually confirms this. It states that those who retire early, die early.<sup>xix</sup>

God works. He created the universe for 6 days and rested on the 7<sup>th</sup>. We are made in the image of God. And we, too, enjoy creating. Working.

Jesus worked as a craftsman.

Paul was a tent maker. He tells us, "Whatever you do, work at it with all your heart, as working for the Lord." [Colossians 3:23].

The Bible never mentions the modern-day concept of "retirement."

The opposite, actually.

Abraham was 75 when he was commanded to move to a new land.

Moses was approximately 80 when he was called to lead the Israelites out of Egypt.

And Noah was 600 when God told him to build the ark.

Point is ... God's not going to bless your butt on the couch, but he does promise to "bless **the WORK** of your **hands** [Deuteronomy 28:12] ...

Think about it ... if God wanted to, He could beam us up to Heaven the moment we're saved. But He doesn't. Why? Because we have work to do!

We may not be saved **BY** work, but we are saved **FOR** work.

God has a mission for you.

Find *purposeful work*! And if that is a struggle, start finding *purpose in your work*.

It won't always be easy. Thomas Edison, the inventor of the lightbulb, once stated, "Genius is one percent inspiration and ninety-nine percent perspiration."

It took him 10,000 tries to make the lightbulb. Pause a minute and think about the impact of Edison's resilience. Because he never gave up, electrical lights were put in homes. Then, appliances. Then the internet. He laid the groundwork.

That's the power of work. It always creates a ripple effect that will, well, light up the world.

Think about the impact of modern innovators like Jeff Bezos, Steve Jobs, and Elon Musk. Yes, they became billionaires, but look at what they created. They've hired tens of thousands of people. Investors have made millions upon millions of dollars. For every \$1 billion these men made, they created about \$20 billion in economic wealth.

Now imagine this: what if the next great entrepreneur, the next great innovator, the next world-changer ... was a Christian? What if God raised up men and women of faith to lead the companies, technologies, and movements that shape the future?

And here's the beautiful truth: work doesn't end here on earth. Isaiah 65 tells us that in heaven, "*They will build houses and dwell in them; they will plant vineyards and eat their fruit ... My chosen ones will long enjoy the work of their hands.*" (Isaiah 65:21-23)

That excites me. Because honestly, I can only play a harp and sing hymns for so long. Give me a garden to tend, a project to build, a vineyard to plant. Let me enjoy the fruit of purposeful labor—forever.

There is a lot to cover on increasing our GAINability. Too much to cover in this presentation.

Which is why I put all my findings inside my new book, *Called to Prosperity*.

Inside, you'll discover ...

- ✓ David's secret to victory over Goliath: David was never the underdog! He was able to stack the odds in his favor, and so can you as you face your Goliaths.

- ✓ The trick to spotting “High reward” opportunities in the workplace.
- ✓ Why “multi-tasking” is a myth. And how to use Elon Musk’s secret to success in your own life).

Again, I want you to have a copy for free.

This book will transform how you see work ... no matter if you are 20 years old or 80 years old, making \$20,000 a year or making \$2 million a year, or if you are a farmer in Iowa or an attorney in California.

It will open your eyes, and perhaps ... your opportunity to gain more than you ever thought possible.

And use that extra money to invest boldly ...

Perhaps you’ll invest in my No. 1 company ... the company that pays folks 100% a year, like clockwork, thanks to an investment they made back in 2002.

Again, I own shares of this company [show], and I think you should too.

So, let’s talk about what I see as the most exciting part of all this – the third “ability.”

## **GROWability**

This is your ability to turn five bags of gold into ... not six bags, or 7, or 8, or 9, but rather...

**10 bags of gold.**

Remember, the first two servants made a 100% gain by putting "The master's money to work." [Matthew 25:16] ...

Some versions of the Bible state that the servants "invested" the money [NLV, NLT] and others say they "traded" it [KJV, NKJV].

What's extremely clear is that these servants didn't bury the money or put it in a bank.

Nor did they increase the profit marginally.

They reaped **a 100%** return through their investments.

I believe we're called to do the same.

And I'm not saying we should be reckless, as scripture warns, "Money put into risky investments turns sour, and everything is lost." [Ecc. 5:10]

But **we are called to invest boldly.**

Why?

Because just like giving multiplies beyond what you can see, and work creates ripples you may never fully measure, investing has the power to transform entire communities.

Every time you invest in a company, you're fueling its ability to innovate, expand, hire more people, and serve more customers. That's not just financial gain—that's Kingdom impact.

If we want God to entrust us with more—if we want five bags of gold instead of 1, and if we want the kind of returns that double instead of sitting stagnant in a savings account—we must increase our **GROWability**. That means learning how to invest wisely and confidently.

If the servants from Jesus' parable were alive today, I'm convinced they'd put their master's money to work in the stock market. From a phone or computer, we can buy shares in great businesses, let them grow, and—on average—see returns of about 10% a year.

But here's the key: you have to avoid two traps—fear and greed. These are the two sides of the "love of money" coin. When you "unlove" money and remember it all belongs to God, you stop

fearing losses, resist gambling, and start investing with bold faith.

In my book, *Called to Prosperity*, I reveal eight **investment secrets** that have helped me generate millions in the stock market.

Let me give you a taste ...

- ✓ **Secret #1: ~~Buy Low, Sell High~~ Buy Wonderful, Yield High**  
The greatest investors don't attempt to buy low. Why would a person buy a stock that is going down in price? And why would you sell an investment that is doing well? Selling high is the equivalent of picking all the beautiful flowers out of your flower garden, and buying low is replacing those beautiful flowers with dying flowers. Then what are you left with? A bunch of dead flowers.

Look ya'll, when people attempt to "buy low, sell high," they usually end up "buying low, selling lower."

Here's the secret to successful investing: "Buy Wonderful, Yield High." Buy wonderful companies whose stocks are going up, and then reap the returns for years, and hopefully ... decades.

Easier said than done? Nope. I'll show you how to do it with one simple step inside my book.

- ✓ **Secret #2: The Key to Beating the Market is ~~Appreciation~~ Total Return**

Everyone loves a story about buying a stock for \$10 and selling it for \$100. But here's the reality: **total return** (dividends + price gains) is where the real, reliable wealth lives.

Hartford's research shows **84%** of the market's long-term gains came from collecting and reinvesting dividends, not from "buy low / sell high." Plus, those boring dividends, are outpacing inflation (payouts are up **11,900%** vs. inflation's **1,070% rise** over the last six decades).\*\*

Dividends today cover my core living costs – insurance, taxes, utilities. And they could do the same for you.

**Secret #3: ~~Rebalance~~ Double Down**

Rebalancing is one of Wall Street's biggest myths. Think about it—why would you take money away from a thriving investment just to prop up a mediocre one? That's financial insanity. Jesus' parable makes it crystal clear: the master didn't reward all the servants equally. He stripped resources from the wicked and lazy one and poured even more into the servant who multiplied his wealth. That's the model for smart investing. Don't handicap your winners. Cut the losers, double down on what's producing, and watch your returns compound.

That's just 3 snippets of the eight secrets I share in the book. Each one is simple, practical, and rooted in both financial wisdom and Biblical truth.

I want you to have all of them—because learning to invest boldly could be the single greatest way to grow your wealth, impact the Kingdom, and hear God say, *"Well done, good and faithful servant."*

You'll also discover...

- ✓ How Warren Buffett (who's worth over \$100 billion) made 99% of his wealth **after his 65<sup>th</sup> birthday** ... *and you can too!*<sup>xxi</sup>
- ✓ How the "Founder Principle" helps a company make 300% more than its competitors<sup>xxii</sup>
- ✓ How to pay zero taxes on your investment gains (no Roth IRA needed).<sup>xxiii</sup>

As you can tell, many secrets go directly against what Wall Street preaches.

If you want to increase your investment ability ... then you must get this book in your hands today.

I have a hunch that you've been waiting for this moment.

That you know you could do more with the money God has entrusted to you.

That you've been frustrated with the returns on your investments. That you're tired of settling for mediocre gains as the markets whip your nest-egg up and down with every economic report that comes out.

I imagine you would like gains like these. This is a snapshot of some of my top positions...

| Security        | Entry Cost     | Exit Value     | Profit                |
|-----------------|----------------|----------------|-----------------------|
| Tesla           | \$59,851.20    | \$138,899.97   | \$79,048.77           |
| Bank of America | \$219,542.38   | \$253,814.94   | \$34,272.56           |
| Amazon          | \$296,837.68   | \$328,699.39   | \$31,861.71           |
| Square          | \$73,735.97    | \$305,665.31   | \$231,929.34          |
| 3D Systems      | \$33,807.50    | \$222,444.82   | \$188,637.32          |
| Amazon          | \$1,231,647.46 | \$1,374,190.30 | \$142,542.84          |
| Palantir        | \$47,754.90    | \$151,056.00   | \$103,301.10          |
| Palantir        | \$142,282.96   | \$390,153.12   | \$247,870.16          |
|                 |                |                | <b>\$1,059,463.80</b> |

I made over 300% on Square ... a \$231,000 profit.

Over 800% on 3D Systems, a gain of \$188,000.

And as much as 200% on Palantir, a gain of \$103,000 and \$247,000.

Most of these profits came in just over a year. And they're just a few of the top positions I've closed out. My best positions are the ones that I've held on to for years and years.

I've had losses as well, don't get me wrong, which is why one should never bet the farm on any single investment. And past performance is not indicative of future results. But you know what I love about the stock market ... your losses are limited. You can't lose more than you invest. And the upside is literally unlimited ... a \$1,000 stake could turn into \$10,000.

Gains like this are possible when you invest in the right companies.

Take my number one stock, a robust retail store, established decades ago, built on Christian values with outlets in rural towns across America.

Anyone who owned this stock back in 2002 now gets an annual payout of 100% on their original investment.

Well, almost.

I've been holding back on telling you the REAL returns because, frankly, they seem too good to be true.

The actual annual return ... from dividends alone ... is 900% a year.

Yes, 900% per year.

You see, around 20 years ago, the stock was trading for about 10 cents a share (adjusted for stock splits).

Today, it pays a dividend of 92 cents per share per year.<sup>xxiv</sup>

Anyone who invested back then is now making 920% per year.

But ... that's just the income side of this stock.

The stock has skyrocketed in price over the years, making investors more money than Microsoft, Amazon, and Nvidia ... achieving gains of more than 50,000% as the stock climbed from 10 cents a share up to more than \$50 a share.

Just think, every \$1,000 in this company is now worth over \$500,000. xxv

That's 190 times more than if you had invested in the stock market. Imagine growing your nest-egg 190 times larger!

And that does not include the \$9,000 you'd be making from your dividends every single year!

That's the difference we're talking about here.

And you could've achieved that just by investing in the company and then doing ... nothing.

Talk about Abundant Prosperity.

That's a lot of money.

That stock, by the way, is none other than **Tractor Supply**.

Odds are, there's a Tractor Supply in your local town.

The 2,200 stores scattered across America haul in \$15 billion a year and employ 50,000 people.

Most people are surprised to find out that this stock has done so well over the last 20 years.

What's so great about Tractor Supply, after all?

Well, they were founded on Christian principles, to begin with.

And they treat their customers right, as well as employees.

And at the end of the day, they're just a strong business.

And I think that's why the owners, of which I am one of them (as a shareholder), have been rewarded.

It's a true American success story.

I'm proud to be an owner in this company.

You can become an owner too. The ticker symbol is TSCO. You can buy shares at about \$60 each.

Yes, that is much higher than the 10 cents they traded at 20 years ago. And with this high of a price the dividend amounts to only 2% a year for new investors.

Which is why, if you're like me, you don't mind owning a few shares, but ... you're also wondering, *what's the next Tractor Supply?*

The next stock to soar 50,000% ... to pay investors a 900% dividend, per year?

Well, I've spent a good amount of time researching this, and I included all the details of that exact stock in my book, *Called to Prosperity*.

But the publisher took it out. They said the content was just too timely. And that's fine. It makes sense. But I kept this unpublished chapter, and I'd like you to have it, along with my book, at the end of this presentation.

This company reminds me a lot of Tractor Supply twenty years ago.

But it's not a retail company investing in new stores. It's an asset management company investing \$200 billion in the "railroads of AI" ... the massive data centers that are needed to make AI be everything AI promises to be.

The CEO ... a man they call "The Next Warren Buffett" ... personally owns \$5 billion in shares and says, "AI is a \$7 trillion opportunity."

Which is why I'm investing \$100,000 into this stock, and plan to hold for the next 20 years.

If it achieves 1/10 of what Tractor Supply did ... just 1/10 ... my investment will be worth \$5 million and I'll be making \$90,000 a year from the dividends.

Again, all the details are right here, inside this unpublished chapter. I'll show you how to get it for free, along with my book, in just a moment.

But I don't want to stop there.

To truly help you succeed financially ... to help you give like never before, gain like never before, and grow your wealth like never before ... I'm going to equip you with access to the *Abundant Prosperity Masterclass*.

## **The Abundant Prosperity Masterclass**

Inside the masterclass, we'll take what we discover inside *Called to Prosperity* and apply the Biblical truths to our daily life ...

The masterclass consists of seven interactive sessions that include online videos, workbooks, and journaling, so that you ...

- ✓ Create a "scare you a little, excite you a lot" giving plan that will open up the floodgates of Heaven. You'll be inspired by leaders who have, literally, made God their business partner and who have given away 90% of their profits to ministry.
- ✓ Unlock "work with purpose" opportunities using the secrets we learn from Biblical characters like Nehemiah and David, as well as modern-day businessmen like Truett Cathy and David Green.

- ✓ Find "Zone 1" investments that will help you spot the next Tractor Supply on your own (as well as common "safe investments" that you should avoid!).
- ✓ Discover investment secrets from my rolodex of insiders ... insiders who called every boom and bust in the stock market over the last 40 years and were named "No. 1" by Barron's and have recommended several 1,000% winners.

Best of all, you'll be doing this in a Christian community.

I'll be there, along with like-minded Christians, who are looking to guide you in the right direction. We'll hold each other accountable when things get tough, and we'll celebrate victories together when we smash through goals.

So that you ... thousands of other Christians ... can increase your wealth threefold.

Not to build our Kingdom, but to build God's Kingdom ... in this generation and for generations to come.

We'll be an army of financial warriors who are beating back the gates of hell. One gift at a time. One business at a time. One investment at a time.

Here's the arsenal of financial weapons you get when you join the *Abundant Prosperity Masterclass*.

- **A Transcript of This Presentation**

I know I've covered a lot today, so you'll receive a complete written transcript of the entire presentation—organized with footnotes and references—so you can revisit every insight, scripture, and strategy at your own pace. Keep it as a study guide, highlight key takeaways, and use it as a resource you can return to whenever you need a refresher.

- **A Copy of My Book, *Called to Prosperity*.**

This isn't just another financial book—it's your blueprint for living with Biblical abundance. Inside, I take you deeper into the principles of GIVEability, GAINability, and GROWability, expanding on what you've learned today and showing you how to apply them in practical, life-changing ways. Many of the insights challenge conventional wisdom—and when put into practice, they have the potential to unlock thousands, even millions, of dollars that can be used to bless your family, your future, and most importantly, God's Kingdom.

- **The Unpublished Chapter:**

I'll also send you the unpublished chapter, titled *The Next Tractor Supply*. Again, my publisher didn't want me to include this in my book as it is timely, so I am sending it to you separately. Remember, I'm investing \$100,000 into this stock and plan to hold it for the next 20 years. If it achieves 1/10 of what Tractor Supply did, my investment will be worth \$5 million, and I'll be making \$90,000 a year from the dividends.

- **The Investing 101 Guide**

Perfect for beginners, this easy-to-follow 5-step guide takes the mystery out of investing. You'll learn how the stock market really works, how to set clear financial goals, open your first account with confidence, establish smart habits, and make your very first investment. It's a simple roadmap designed to help you start building wealth the right way—without the overwhelm.

- **Lifetime Access to the Masterclass Video Series**

Imagine having a library of wisdom at your fingertips—seven in-depth video sessions where I personally guide you step-by-step through the Abundant Prosperity Blueprint. These aren't just teachings you watch once and forget. With lifetime access, you can revisit each session as often as you need—whether to refresh your spirit, clarify a strategy, or spark new ideas as your financial journey unfolds. Each video is practical, actionable, and rooted in Scripture. You'll learn how to increase your GIVEability, expand your GAINability, and build your GROWability.
- **Lifetime Access to the Masterclass Workbook**

This interactive workbook is your personal guide to transformation. With thought-provoking questions, space to journal, and practical exercises, it helps you move from simply *hearing* the lessons to actually *living* them. As you work through each section, you'll be able to track your growth, capture new insights, and create a written record of the financial journey God is leading you on—one you can revisit anytime to measure your progress and stay motivated.
- **Lifetime Access to the Abundant Prosperity Community**

This is perhaps the most critical part of the masterclass. You'll connect with like-minded Christians who are focused on managing their wealth wisely. As iron sharpens iron, so one person sharpens another [Proverbs 27:17]. We'll hold each other accountable to give. We'll challenge each other to grow our businesses. And we'll be there to support each other. This is a network of Christian leaders and entrepreneurs who put God's Kingdom first.
- **Access for Up to 12 People**

When you join, you won't just get lifetime access for yourself—you'll also be able to share this transformative Masterclass with up to **12 people in your circle**. Imagine your family, small group, or business team all walking through the Abundant Prosperity Blueprint side-by-side. This isn't just about your prosperity—it's about multiplying impact, building a legacy, and helping those closest to you experience the same freedom and abundance that God promises.

I truly hope you can see how the Abundant Prosperity Masterclass will help you break free from the money myth and discover God's true design for abundance.

I have no doubt that with this Masterclass, you'll be able to stack the odds in your favor and build your net worth month in and month out.

So that you can use your wealth to impact the Kingdom of God.

With all that said, the Masterclass does not come free.

I pay my rolodex of investment experts a pretty penny for their insight, as well as an entire support team around me. If my business makes money (by helping you make money!), that's more people I can hire, more people I can reach with this message, and money I can give to God's Kingdom (51% of my profits go to my church).

My question for you is, what would this kind of transformation be worth to you?

I've charged as much as \$10,000 for the exact type of financial insight you'll gain in this Masterclass.

And frankly, it's worth every penny.

One investing strategy I teach added over \$200,000 to my own portfolio in a single year.

Another helped me invest in farmland in Michigan, Illinois, and California.

And still another gave me the confidence to invest heavily when the stock market was down 15% ... positioning me for even greater long-term gains.

So, yes, paying \$10,000 for the Masterclass would be a wise move.

But I don't want price to hold you back. That's why I've kept the cost of the Masterclass down to just \$1,000. But because you and I are just connecting, and because I want as many Christians as possible to join this movement, I'm making you an even better offer.

So, today, I'm knocking 80% off that price. I'm giving out 1,000 memberships for only \$199.

Yes ... just \$199.

And, I want to take all the risk off the table by offering you a **100% Satisfaction Guarantee**. Go through the entire Masterclass. If you're not completely thrilled with the wisdom, the strategies, and the clarity you gain, simply let me know—and I'll give you every penny back. No questions asked.

I've made this same guarantee over my career, and it is very, very, rare that anyone ever requests a full refund. THAT'S how confident I am in *The Abundant Prosperity Masterclass* and all the benefits at your fingertips.

I truly have zero doubt that you'll love the insight you'll receive. You'll see how to grow your wealth **with less fear, less risk, and less stress**—and how to align it with God's purpose for your life.

Again, I've already helped 500,000 Americans at my last company. Just listen to what they have had to say about my team and the results we've delivered.

Ed, who wrote,<sup>xxvi</sup> "On average, we made over 450% on our holdings [in two years]. Smiles all around for sure."

Cecil said, "I am so glad that you decided to help out the little guy. You have made my wife and me very happy."<sup>xxvii</sup>

Stuart is 74 years old. He said, "I gave up trying to invest on my own some time ago. But, you've helped me understand the system. So thank you for the gains. You're the greatest."<sup>xxviii</sup>

Philip says, "My results have been spectacular. I have been investing for over 50 years, and your record is the best by far of all the different gurus I have followed."<sup>xxix</sup>

And Charles says, "In less than a year, I have more than doubled my money, and I am a BELIEVER. You know what you're doing, and I'm grateful for the help."<sup>xxx</sup>

Now, it's your turn to feel the freedom of increasing your wealth threefold for God's Kingdom ... to move from here to here.

You ... and the Christian community ... literally have nothing to lose, and so much to gain, by joining this Masterclass.

Simply click the button below to get started.

As you do, I just want to end on a personal note.

When I saw that the average Christian's net worth was lower than the typical American, I knew I had to act.

It was another divine intervention ... a clear sign that I had to make another big shift in my life.

To step down as the CEO of my company, and step away from a really great paycheck, and help my fellow Christians achieve Abundant Prosperity ... the kind of prosperity God wants for us, but also commands of us.

So that we can use our resources to grow God's kingdom.

To feed the hungry.

To heal the sick.

To spread the gospel.

To be a part of God's story ... just like all these Biblical Characters.

Will you increase your ability ... your GIVEability, GAINability, and GROWability ... so that you can be like the first servant who doubled his money?

So that one day, God will say, "Well done, good and faithful servant. Come share in your master's happiness?"

So that you will be put in charge of many things?

That's what I've been called to do.

And I have a hunch you've been called to do the same.

I'm confident this masterclass will help you get there. Throughout my career, I've helped over 500,000 Americans with their finances.

I've worked alongside Governor Mike Huckabee, Governor Sarah Palin, Dave Ramsey ... as well as Steve Forbes and Bill O'Reilly. I've even held investment meetings inside President Donald Trump's home ... the Mar-a-Lago.

Now it's time I help you.

I'm really excited about this venture.

I hope you are too.

Simply click the button below to get started.

Clicking it will take you to an order page where you can review more details on this offer.

As you do, I want you to recall the story of the Israelites when they escaped Egypt.

Within days, they were RIGHT there at the Promised Land. They were at the doorstep. But before they entered, Moses asked 12 men to spy on the land.

When the spies came back, they confirmed, "It really is flowing with milk and honey." However, 10 of the 12 spies went on to say, "But the people there are strong, and the cities have walls and are very large ... we can't attack, we felt as small as grasshoppers, and that's how we must have looked to them."  
[Number 13]

This passage always baffles me. How could they doubt victory? They had already seen God inflict the 10 plagues on the Egyptians! They had already crossed the Red Sea on dry land! They saw the cloud that protected them during the day and the fire that guided them at night!

Yet, they doubted God when they were right there at the Promised Land. They *begged* to return to slavery and were on the cusp of killing Moses and Aaron if they didn't turn around.

How crazy!

Of course, before we judge, we should ask: How many of us act like those 10 spies when it comes to our finances? We are right there, at the financial Promised Land, and we start to doubt *despite* the financial Red Seas He has parted for us! We are focused on the walls around Wall Street and start to doubt our own abilities.

But, are you really going to trust God with your salvation, but not with your wallets, career, or investments?

If so, well, your finances may just end up like the Israelite's fate ... wandering around the desert for 40 years, going nowhere.

As I write this, I'm praying.

I'm praying that we will have faith like Joshua and Caleb ... the two spies who tried to convince the Israelites to enter the Promised Land (and who eventually were able to enter it!).

I'm praying that you increase your **GIVEability** and see God throw open the floodgates of heaven as he promises in Malachi.

I'm praying that you increase your **GAINability** and see if God blesses your work 100-fold like He did for Jacob.

I'm praying that you increase your **GROWability** and see God help you double your wealth, just as He did for the first servant.

I'm praying that you will *unlove* money so that you can truly experience the Abundant Prosperity that God desires for you.

I pray that one day you will stand before God and hear, *"Well done, good and faithful servant. You have been faithful with a few things; I will put you in charge of many things. Come and share in your Master's happiness!"*

To get started ... to take that step forward ... simply click the button below.

Thanks, and God bless.

---

### **<sup>i</sup> The Wealth Comparison Chart**

I originally came across this statistic on page 26 of Lisa Keister's book, [Faith & Money](#). According to a 2006 study, the median net worth for non-religious people, Christians, and Jews came out to \$93,952, \$91,952, and \$423,500, respectively. I put the data into the chart I display in this book to better understand it. Multiple other studies support this data. Those who strictly follow the Biblical Blueprint are religious Christians who tithe, and those of the Jewish faith. But ... does this mean Jews follow the Biblical Blueprint for giving, gaining, and growing their wealth? As a whole, yes. [The Conversation](#) reports that Jews give 114% more than the average American. And giving is the launchpad for gaining and growing wealth. Of course, one could assume those of the Jewish faith have a higher net-worth, not because they give, but rather because they have a higher education, stronger family structure, or stronger work habits. These are all true, and ... they are also a part of the Biblical Blueprint for managing money. Again, if the Bible talks about money 2,350 times ... more than any other topic ... maybe we should talk about it a bit more as well. It is worth noting that [Philanthropy Roundtable](#) also revealed that the uber wealthy (annual income over \$2 million) give 14% of their wealth to charity, versus the average person who gives just 2% of their income to charity. Various studies that I reveal

---

throughout the rest of this book consistently confirm that those who give more receive a multiple in return. It also confirms that these folks give early on in life.

#### ii **7 out 10 Christians Don't Tithe**

[Barna Group](#) revealed that only 5% tithe. The [Christian Post](#) reflected that only 13% of Evangelicals tithe. Refreshingly, newer data that I came across while publishing my book looks more promising. [Barna](#) now reveals that 30% tithe. [Vanco Payments](#) states that 27% of churchgoers tithe.

#### iii **Retire Young, Retire Rich**

The full story was a bit hard to cram into the presentation. After receiving *Retire Young, Retire Rich*, I decided to venture off to the business section of Barnes & Noble. A place I had never been before! I found Robert Kiyosaki's original book, *Rich Dad, Poor Dad*. I bought that book instead and read it cover to cover over the next two days. A few years later, I was able to do some work with Kiyosaki while at Newsmax Media, and later ... my parent company did a lot of work with him. Kind of a small world. I do agree with many of the principles that Kiyosaki teaches ... especially about owning assets, not liabilities, cash flow, and creating financial freedom. The only area of difference is his consistent doomsday predictions and his idea of leverage. He tends to be much more aggressive, using other people's money to invest.

#### iv **Mike Huckabee Quote**

When I was the CEO of my previous company, Banyan Hill Publishing, I hired the best of the best of the financial experts. All of the quotes are from the financial experts who worked for me. Governor Mike Huckabee said this about one of those experts. He was named "No. 1" by Barron's. He and Governor Huckabee have become close friends over the years.

#### v **Governor Palin Quote**

Governor Palin was a subscriber to one of our products as well. You can get a link to the [transcript by clicking here](#):

#### vi **Steve Forbes, Bill O'Reilly, President Trump, Dave Ramsey**

Here's how I met or worked with all of these great people

- ✓ Steve Forbes and I teamed up a few times while I was at Newsmax. We did a lot of video events about the fall of the dollar.
- ✓ While at Newsmax, Bill O'Reilly and I put on an investment webinar talking about the power of buying dividend-paying stocks.
- ✓ President Donald Trump came to the office at Newsmax. We met briefly there, but I continued to do more work at his house (the Mar-a-Lago). My team and I created a webinar to help people invest in Business Development Companies (BDCs). When I resigned from Newsmax, my going-away party was held at his house as well.
- ✓ Dave Ramsey joined me at a conference I put on for Banyan Hill. It was on Amelia Island in 2019. I also had personal meetings with him in his office to talk about business strategies. Of course, he encouraged me to avoid debt. One of the amazing things about

---

his business is that he has increased revenue and profits every year by creating great products.

vii **Wall Street and Tech Firms**

My team looked up all the email addresses for the top investment firms. We were shocked, but not shocked, by how many worked at established financial firms. The list included JPMorgan, Edward Jones, Chase, Merrill Lynch, Morgan Stanley, and several others. We were also intrigued by the number of people at big tech companies: Amazon, Apple, Google, Nvidia, Microsoft, and others. We were proud to have such a strong reach throughout the community.

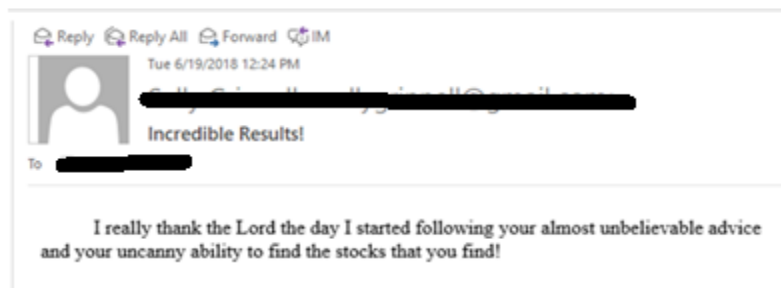

viii **Robert in Texas**

This is a screenshot from the email that was sent to us, with private information blocked out. To protect all customers, we use alternative names and locations. In this case, the email went to one of our financial experts because one of the products we published had recommended that a stock would go up dramatically in about two years' time. If memory serves me correctly, around 500%. Notice that this individual was a Director of Consulting, Finance & Brokerage.

ix **Samantha in North Carolina**

This is another email for the various products offered to our readers.

---

**x Tom in California**

Again, here is the original email to give it context.

**xi My Closed Positions**

This is just a screenshot from my closed positions over the last few years. They are not a complete list and they do contain some of my top winners. Past performance is not indicative of future results. Never invest more than you can afford to lose.

**xii Biblical Scholar on Jesus' Net Worth**

I came across this interview [here](#). Around minute 20, Renner starts talking about how much the gifts were worth. The way he presents it makes it sound like the gifts could've been worth MUC more than \$10 million. It is all very interesting because it presents Jesus' early childhood in an entirely different way. But again, we shouldn't get too distracted by how much the gifts were worth. I have very little doubt they were worth enough to help Jesus' family fulfill scripture. And if God can use the gifts of the Magi, can he use your gifts as well?

Here is a link to an article titled "[The Wealthy Messiah](#)." This is what is written: *It's absurd to think that wealthy sages would travel across the desert for weeks if not months or years to bring trinket boxes called "treasures". A small chest of pure gold ... would weigh over 50 pounds, would be an appropriate gift for a king. Today's market value for gold is about \$1,200/troy ounce, and with 12 troy ounces per troy pound, a 50-pound treasure box of gold would equal almost ¾ of a million dollars. [Updated in 2025 would be much closer to \$2.1 million]. Needless to say, frankincense and myrrh were even more valuable than gold during the time of Christ.*

**xiii Margaret Thatcher Quote**

---

This quote was found on [Forbes.com](https://www.forbes.com). Here is the quote: “No one would remember the Good Samaritan if he’d only had good intentions; he had money as well.” I think this is important for us to remember. We can only do so much for the Kingdom of God if we are broke.

<sup>xiv</sup> **Arthur Brooks’ Research**

Arthur Brooks has written several books on money. [Here is a link](#) to his research. He also explained this in a speech. It is mentioned at time stamp 9:43.  
<https://www.youtube.com/watch?v=BVjT3dzVvbA>.

<sup>xv</sup> **Randy Alcorn Quote**

Randy’s book, *The Treasure Principle*, is a great, quick read. It is mainly focused on tithing and the importance of giving to God. This quote is found on page 73 of the 2005 edition.

<sup>xvi</sup> **Rick Warren Quote**

This is a great speech if you have time to watch it. The visual is a bit blurry, but the message is very clear. You can watch it on [YouTube](#).

<sup>xvii</sup> **Journey Church Online**

I attend Journey Church in Lake Worth, Florida. You can look us up at [www.gojourneychurch.com](http://www.gojourneychurch.com). I think it’s important to not that watching church online is not the same as attending church in person. If you don’t have a church home, find one! And stop looking for the perfect church. It doesn’t exist. Church online is a great supplemental way to learn more and worship God, but it is not a replacement for a church home.

<sup>xviii</sup> **Rick Warren Quote on Adding to Life**

[Here is a link](#) to the quote. I think we all have to remember this. We were put here on earth to make a contribution. To make it a better place. Think about that the next time you are weaving in and out of lanes on the interstate!

<sup>xix</sup> **Social Security Administration Data.**

You can find the data here. <https://www.ssa.gov/policy/docs/workingpapers/wp97.html>. Here is a screen shot.

In Waldron (2001) I use the 1973 cross-sectional Current Population Survey (CPS) matched to longitudinal Social Security administrative data (through mid-1998) and find that **men who retire early die sooner than men who retire at age 65 or older**. Relative mortality risk estimates control for current age, year of birth, education, marital status in 1973, and race, and the sample is restricted to

<sup>xx</sup> **84% of Gains Come from Dividends**

[This is](#) a great study by the Hartford Funds. It does take into account taking the dividends and reinvesting them. It is still very incredible.

<sup>xxi</sup> **99% of Warren Buffett’s Wealth Came After 65**

Here is a link to [the article](#). This is mind-blowing, isn’t it? A lot of people don’t understand that if they invest the right way, their investments will actually grow during their later years. But that is why it's important to seek higher returns without bringing on additional risk. The

---

difference between a “safe” 5% per year portfolio and an 18% per year portfolio is incredible ... especially over a 30-year period. AND ... plan to live a long time. Seriously.

<sup>xxii</sup> **Founder-Led Companies Outperform**

Here is a [great link](#) to the backup. When you think about it, it makes sense. The founder understands the “why” and is a missionary who is relentless in reaching his or her goal. Here’s the chart to back up the statement:

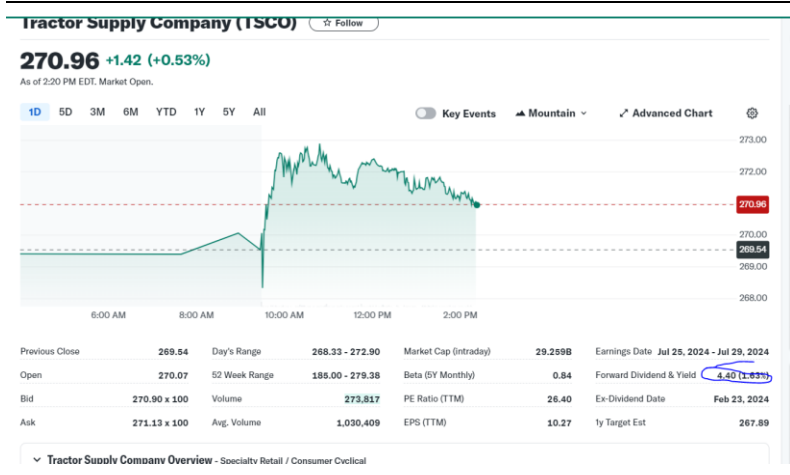

<sup>xxiii</sup> **Tax-Free Gains**

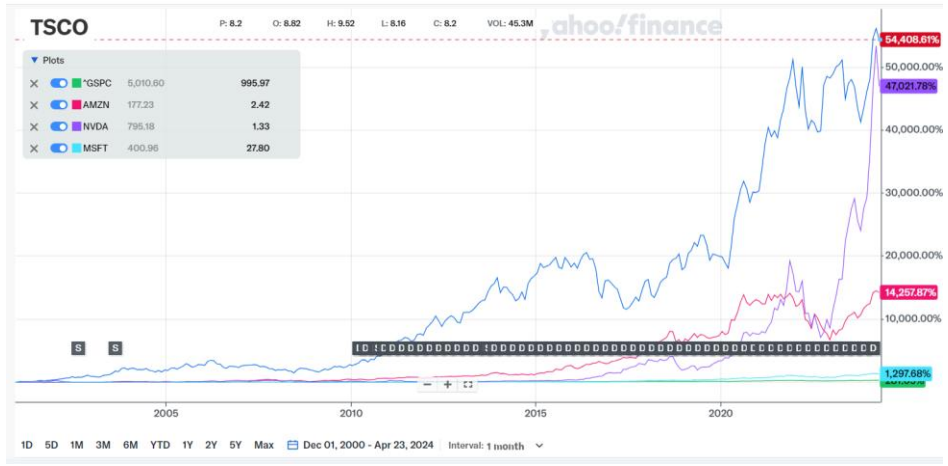

If you pass your stock onto your kids, and you are worth less than \$10 million, they get the stock 100% tax free.

<sup>xxiv</sup> **Tractor Supply Performance**

You can find the chart [here](#). And I will paste it below.

XXV **More Tractor Supply Performance**  
<https://finance.yahoo.com/chart/TSCO>

Foundation Medicine

To: [Redacted]

I am writing you about [Redacted]. It has been a wonderful stock for me. My approach to your recommendations is a bit different so I thought I would share what I do. Whenever you make a recommendation I immediately buy a small portion at market and watch its progress. When I see positive results I increase my shares but this time I use leap options, usually around 6-12 months. My results have been spectacular. I have been investing for over 50 years and your record is the best by far of all the different gurus I have followed. My system of delaying a sizable commitment to a stock recommendation does miss some of the upside in the individual stocks but I make it up by using leaps which of course give a larger return if they are successful. My return on FM has been over 155%. Thank you for your wonderful recommendations.

Sincerely  
Philip [Redacted]

THANK YOU

To: [Redacted]

In less than a year, I have more than doubled my money and I am a BELIEVER.

You know what you're doing and I'm grateful for the help. I recently signed on for the "lifetime" membership for "True Momentum." The reason? I have finally gained true momentum.

Thanks again, so much.

Blessings to you and yours,  
Charles [Redacted]
